Subject: FW: Open Justice sub Committee + Right of Reply

Dear CPRC,

Further to my below e-mails I would like to offer the CPRC a right of reply to my article entitled "Civil Procedure Rule Committee propose major curtailment of Open Justice".

<https://mouseinthecourtroom.wordpress.com/2022/05/19/civil-procedure-rule-committee-propose-major-curtilage-of-open-justice/>

Two key points the CPRC may wish to comment on:

- 1: I describe an action of the CPRC as "one of the biggest attacks on the principle of Open Justice in recent times"
- 2: I state "This update was waved through without public consultation or fanfare, and was approved in a private meeting of the CPRC"

As to the underlying amendment to PD51Y it is likely a more formal challenge will be made in due course.

3rd time lucky.

Dear CPRC,

I read with interest the resolution to form a sub-committee on Open Justice in the minutes of the meeting of 05/03/2021.

I wonder if you could tell me what the status of this sub-committee is and whether plans for a public consultation have been made?

Many thanks,
Daniel Cloake

Hi,
Any response on the below?

This is incidentally typical of the normal response from courts up and down the country. Requests for information simply go unanswered. Something I will be mentioning to the sub-committee, if it exists of course.

Many thanks,
Daniel
